

## Psychiatrist

Are you a compassionate and skilled psychiatrist seeking a fulfilling career in a patient-centered environment? Lonerock Clinic offers a unique opportunity to provide comprehensive mental health care, including innovative treatments like Ketamine and Esketamine therapy.

### Role Description:

As a Psychiatrist at Lonerock Clinic, you will play a crucial role in assessing, diagnosing, and treating a diverse range of mental health conditions. You will work collaboratively with a multidisciplinary team of healthcare professionals to provide holistic care to our patients.

### Key Responsibilities:

- Conduct comprehensive psychiatric evaluations
- Develop and implement individualized treatment plans
- Prescribe psychotropic medications as needed
- Provide psychotherapy and counseling services
- Monitor patient progress and adjust treatment plans accordingly
- Collaborate with other healthcare providers to ensure coordinated care
- Stay up-to-date on the latest advancements in psychiatric treatments

### Qualifications:

- M.D. degree or equivalent
- Board certification in Psychiatry
- Licensed or eligible for licensure in the state of Oregon
- DEA license
- Strong clinical skills and experience in diagnosing and treating mental health disorders
- Excellent communication and interpersonal skills
- Passion for patient-centered care and a commitment to providing exceptional care

Join our team and make a meaningful impact on the lives of those struggling with mental health challenges. Your expertise will help foster recovery and improve the overall well-being of our patients.

#### Flexible Work Arrangements:

- Part-time options: We offer flexible schedules, including 1-2 days per week, to accommodate your lifestyle and preferences.
- Contract or employed: Choose the employment arrangement that best suits your needs.

#### Benefits:

- Competitive compensation and benefits package
- Opportunities for professional growth and development
- Supportive and collaborative work environment

Join our team and experience the rewards of making a positive impact on your patients' lives.
